DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in-

- (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effect under this subsection of a national application published under section 122(b) only if the international application designating the United States was published under Article 21(2)(a) of such treaty in the English language; or
- (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that a patent shall not be deemed filed in the United States for the purposes of this subsection based on the filing of an international application filed under the treaty defined in section 351(a).

2. Claims 1-20 are rejected under 35 U.S.C. 102(e) as being anticipated by Koehane (US 6,364,206).

Koehane teaches a combination fuel dispensing and lottery ticket dispensing system comprising;

a plurality of fuel dispensing machine (122) having a dispenser controller (322) and memory (332) to control the operation of the fuel dispensing machine (e.g., communication with computer controller),

a computer controller (322) communicates with a display (316), an input device (314), and dispensing device (324) for dispensing customer-selected lottery ticket and/or fuel payment receipt,

a payment input device (320) for accepting a cash and a magnetic card reader (318) for receiving a credit card to communicate payment information through the computer controller,

Art Unit: 2876

a lottery controller interface (314 and 322),
an alphanumeric keypad (322),
a remote central control computer (130) to control the fuel dispensing and lottery ticket dispensing system,
the display displays fuel selection information (314) and lottery ticket information (414),
the dispensing system or a printer (324) printing the lottery ticket information on the substrate prior to dispensation,
modifying the lottery ticket information based upon the random number result (see Fig. 1-6; col. 2, line 58+).

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure;

Atchley [US 5,493,315], Kaehler [US 6,032,126], Phillips et al [US 6,193,154] disclose a dispensing machine.
